Beautiful Sound and Great Value

Helen did an excellent job in recommending musicians for the particular sound we were looking for. They provide a variety of options for types and number of musicians so there is something at every price range. Additionally, they had every song we wanted readily available. The music really tied everything together and added to all the happy tears shed during our ceremony.

Gorgeous live music made our ceremony so meaningful!

I'm SO happy Classical Choice was able to play for our ceremony! My husband and I are both musicians, so it was important to us to be able to feature live music. Helen and her team were amazing to work with—she sent us a list of demos to choose from, we were able to select which instruments to use, and on the day of, our ensemble was quick and efficient getting set up, which was much appreciated from me as the bride! I seriously can't get over how gorgeous the music was and how much it added to our wedding. It made the ceremony feel timeless and elegant; it was just what I had dreamed of my ceremony being! I can't recommend Classical Choice enough!

I was looking for a trumpet player for my daughter's wedding and first spoke with Tim Bohannon. During the stressful time of planning a wedding, none of us had any idea how to handle the music side of things. Fortunately, Tim said his wife organized music for weddings, and the rest is history. We decided late in our planning to hire professional musicians so hurriedly read various reviews, attended wedding fairs, etc to see what would work for our May 28 wedding at Duncan Memorial Chapel. Classical Choice was easy to work with and agreed to play a favorite Song not on their list, which was a bonus! They were parking and heading in right as we parked and were playing beautiful music for our guests before ceremony, for bridal entrance, and recessional. I only wish I'd been at the back of the chapel prior to the processional song to hear more myself!

Classical Choice are talented, professional, and kind musicians who made our day so easy and beautiful. They worked so well with our other musicians. They were prompt, prepared, and so good that we never had to worry about anything. The music on our day was flawless and we could not be happier with our choice of Classical Choice.

They did a great job communicating with me, and on the day of they came in, set up, and started playing without me even having to talk to them! It went off without a hitch, and everyone loved how they played. Definitely one of the best values and decisions we made!

Classical choice performed at my wedding ceremony and did an amazing job. I received so many compliments from guests at the wedding telling me how much they enjoyed the music. I chose modern songs and they performed them on the violin, cello and guitar. They also created an arrangement of a song I chose that was not on their listing of songs. I highly recommend Classical Choice to any bride that wants live music. They were also reasonably priced.

Music was top notch. Played so well with church pianist & was flexible in what was played right up to the last minute.

If you want the BEST, this is it. Tons of positive feedback from guests.

The ladies that played my ceremony and cocktail hour were amazing. They even learned a new song that we wanted played during the ceremony! It was a pleasure working with them...my only disappointment was that I didn't get to hear more of them play! Guests had nothing but rave reviews.

Classical Choice was over the top from planning to playing for our wedding. The demo cd made it easy to choose musical selections. I love the variety of instruments, including harp and vocals. I really couldn't have more music for less money. I got so many compliments on our wedding music.

I had Classical Choice play for my ceremony and they were fantastic! Helen was easy to work with and very professional. They played beautiful music that all of my guests talked about. For the quality of music they provided, they are very affordable as well. I would highly recommend them to anyone needing ceremony music for their wedding.

Extremely talented and very reasonable in price. I could not believe they didn't have any reviews on here. They played our ceremony music and it was beautiful! We used the duo, but because one lady plays both the harp and cello, we were able to get both sounds with the violin. Fantastic, highly recommended.
